Mr. Stuart Ledingham
Valu Engineering, Inc.
1 Morgan
Irvine, CA 92718

Dear Mr. Ledingham:

We have no objection to the Flange Bearing Housings and Covers, Model LifeGard LG Series as component parts of equipment accepted for use in federally inspected meat and poultry plants. The bearings must not be located in the product zone. They must be maintained in a manner acceptable to the inspector in charge.

Sincerely,

A handwritten signature in cursive script that reads "Ronald M. Partyka".
